SAFCO®
Human Elements Collection

**BECAUSE WHEN PEOPLE SUCCEED, SO DOES YOUR BUSINESS.**

What makes a space great? How do you measure performance? At Safco, we take time exploring the relationship between worker experiences and their essential human needs. We study how work gets done, and what people need to maximize potential. We apply this knowledge to assemble a portfolio of products that connect people to the furniture, technology, and amenities they need to win every workday.

Footrests & Cushions

Dynamic Footrest with Swing Bar

Create a more active and ergonomic environment for people with this footrest and swing bar, which keeps people moving throughout the day.

Learn More →

Task Master® Adjustable Footrest

Give workers who stand most of the day relief with an adjustable footrest that relieves pressure points. Adjusts to nine different positions.

Learn More →

Shift™ Height-Adjustable Footrest

Pair this footrest with a standing workstation and encourage people to shift positions throughout the day, helping increase comfort and micro-movements while standing. Made from durable powder-coated steel.

Learn More →

Ergo-Comfort® 5" Adjustable Footrest

Provide comfort for long periods of work while standing with this adjustable footrest, with an angled surface that easily slides to adjust to any angle up to 5" H.

Learn More →

Ergo-Comfort® 8" Adjustable Footrest

For people who work at standing height desks and want to stay active throughout the day, this footrest features an angled surface that easily slides to adjust to any angle up to 8" H.

Learn More →

Footrests & Cushions

Footrests & Cushions | Anti-Fatigue Mats

RestEase™ Adjustable Footrest

With an anti-slip rubber mat, this adjustable footrest helps people stay safe, comfortable and supported as they work throughout the day.

Learn More →

Remedease® Foot Cushions

This footrest's ergonomic half cylinder design encourages better posture by evenly distributing weight and relieving tension on the feet and legs.

Learn More →

Tilting Footrest

Rubber pads to prevent slipping and scratching and a non-skid surface mean that this footrest is ready to endure the rigors of any environment, while also increasing comfort and reducing muscle stiffness.

Learn More →
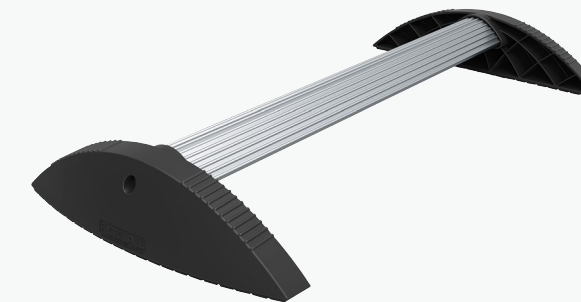

Focal™ Stabilizing Footrest

Inspire people to move throughout the day and help improve circulation with this sleek, unobtrusive footrest. Pairs with a standing or fixed-height desk to help people vary posture.

Learn More →

1 **2**

Anti-Fatigue Mats

Footrests & Cushions   **Anti-Fatigue Mats**

Safco® Movable Anti-Fatigue Mat

Add this anti-fatigue mat to any workspace to keep people comfortable and active at standing height desks. Features 1" of padding that relives the pain and fatigue associated with standing.

Learn More →

Contoured Anti-Fatigue Mat

Create a more productive and comfortable workplace with this contoured anti-fatigue mat. Elevated surface points encourage people to shift positions and stretch to reduce fatigue from standing.

Learn More →

Large Movable Anti-Fatigue Mat

With 1" of padding for comfort while standing, this large anti-fatigue mat gives people a generous surface to rest their feet as they work. Pairs with standing desks and tables.

Learn More →

Active Anti-Fatigue Mat

This anti-fatigue mat features elevated surface points that encourages people to easily shift postures, increasing comfort while standing. An active rolling bar allows people to massage foot arches as they stand.

Learn More →

Wrist Supports

SoftSpot® Proline Keyboard Wrist Support

REMOVABLE CUSHION

Made from non-abrasive, durable and anti-static Therasoft® material that helps distribute wrist weight evenly, this removable cushion includes an illustrated hand exercise guide.

Learn More →
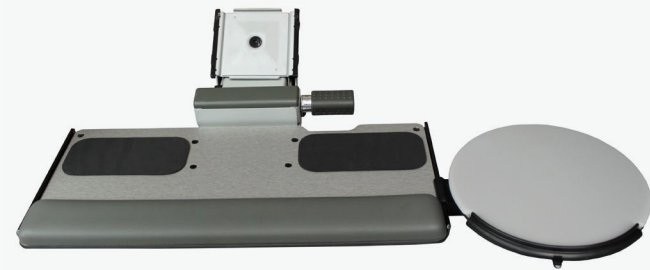

TechWorks™ Keyboard Platform

WITH MOUSE TRAY

This trackless keyboard with wrist cushion and mouse platform allows people to keep their technology tools properly aligned, so they stay supported and comfortable as they work.

Learn More →

Back & Seat Cushions

Remedease® Full Height Backrest

Provide back support for people as they work with this high-density, medical-grade, anti-allergenic foam back support. Includes an elastic strap that holds the support in place and a removable cover.

Learn More →

SoftSpot® Lumbar Roll Backrest

This lower lumbar support features softly curved upper edges and a center channel that helps prevent pressure points on a person's spine as they sit. Made from Therasoft® material that will retain its shape over hours of use.

Learn More →

Remedease® High Profile Backrest

Made from high-density, medical grade, anti-allergenic foam, this backrest relieves the pressure of long periods of sitting. The backrest includes an elastic strap to keep it in place and a removable cover.

Learn More →

Lightweight Mesh Backrest

Provide lightweight, breathable back support with this mesh backrest with an elastic strap secures it in place. Ideal for use at home, in the office, or in cars.

Learn More →

SoftSpot® Seat Cushion

This office seat support provides comfort for long periods of sitting with a unique wedge shape that helps maintain the spines natural "s" curve. Softly curved upper edges and cut-away contours slope away from tail bone pressure points.

Learn More →

1　2

Back & Seat Cushions

Memory Foam Lumbar Support Backrest

Give people a memory foam backrest that provides direct support for the lower back and help them maintain a comfortable posture as they work. Includes an adjustable strap that fits any chair.

Learn More →

SoftSpot® Low Profile Backrest

A lower back and spine supporter, this low-profile backrest features softly curved upper edges and a center channel to help prevent pressure points on the user's spine. Adjusts to any chair with an elastic strap.
