

## **Rumba™ Large Flip Table from Safco® Products Earns the GEI Seal of Endorsement**

**Minneapolis, MN (February, 2017)** Safco® Product's Rumba™ Large Flip Table has earned the Global Educator Institute (GEI) Seal of Endorsement, placing it among the best teaching products available today. A GEI Seal of Endorsement is becoming one of the most recognized and prestigious awards in the educational market for establishing the benchmark of excellence in learning products.

Products bearing the GEI Seal of Endorsement have earned the distinction for improving learning and the learning environment. Safco's Rumba table provides a large work surface for students to work in groups or individually, while also providing the option to be compactly nested together and stored out of the way when not needed, creating a flexible working environment for students.

"Safco creates many products that are easily reconfigurable by students and staff alike to fit the needs of today's ever-changing learning environments," said Carrie Eidem, Senior Marketing Manager at Safco. "We're excited to see our products make a difference."

Safco has a long-standing heritage for quality design and the Rumba table is built to withstand the wear and tear of classroom use. The versatile design allows it to be stored out of the way when not in use, ideal for small classrooms or simply to allow flexibility in the room's setup. Rumba tables are also available in a variety of other sizes and shapes that can work together to create the ideal learning environment.

### **GEI Process**

Products that earn the GEI Seal of Endorsement have been subjected to an in-depth rubric that evaluates effectiveness, durability, value and ease of use. GEI Reviewers submit their qualitative and quantitative feedback for review and analysis by the GEI Executive Team, which determines whether or not the product is to be awarded a GEI Seal of Endorsement. The GEI Executive Team has more than 100 years combined teaching and administrative experience, and includes a PhD, numerous state certifications, and a nationally recognized educational consultant.

### **About Safco Products**

For 50 years, Safco Products has grown to be a leading manufacturer of over 2,200 organization and comfort enhancing products for the workplace, delivered with the best service in the industry. Wherever people work, whatever the market trends and ever-changing needs of business life, Safco Products will be one step ahead with trend-right products.
