

ADAPT™ CONFIGURABLE SPACE DIVIDERS

Basswood Elementary School™ | Testimonials *Patrick Smith, Principal*

Basswood Elementary School is located in Maple Grove, MN and teaches Pre-K through 5th grade.

› **How are they being used?**

The partitions are being used as space dividers in the front foyer and as “nook” spaces in the media center.

› **Who uses them?**

These areas are used mostly by small groups of students. Occasionally, an adult will work with student groups of 2-4 on tutoring, reading group, band lessons, etc.

› **What do you like about them?**

They create a cozy spot to read and work in small groups. They help create privacy which helps lessen distractions from other groups.

› **Do they get used a lot?**

They get used every day, all day long.

› **Any other positive benefits you have noticed?**

They also create a good image, creating a welcoming environment in space that is pretty “dry.” Very beneficial for schools who struggle to find space for small groups.

ADAPT™ CONFIGURABLE SPACE DIVIDERS

Rocket 55™ | Testimonials

Rocket 55 is a digital marketing agency dedicated to building the brand of the companies they work with.

› How are they being used?

"The Safco partitions are great for having an impromptu meeting! We can easily move the partition to create a private space or we can open the space up to include a large group of people." *Olivia Allen, Senior Account Manager*

› What type of work gets done in them?

"Brainstorming, small group work, individual work Impromptu meetings." *Olivia Allen, Senior Account Manager*

› Any other positive benefits you have noticed?

"We had our partitions created with personalized covers and they look fantastic! Working with Safco was a very easy process and they were prompt in communication and delivering on our requests." *Kaitlin Schlick, Senior Social Media Manager*

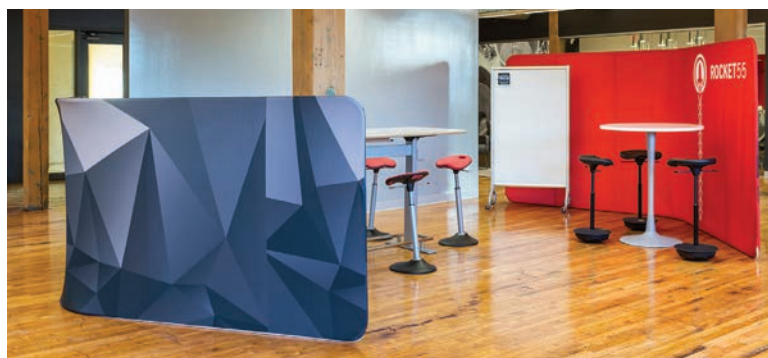

› What do you like about them?

"The cloth partitions give us a nice separation from the rest of the office when we're using the tables for brainstorming sessions and working privately. This set-up is great and has definitely benefitted our office overall." *Kelly Martinson, Account Manager*

"Working in an open office space, it's vital to have pieces of furniture that we can adapt into meeting spaces. The cloth partitions offer enough privacy for small group meetings without closing you off from the rest of the office." *Kaitlin Schlick, Social Media Manager*

"The furnishings from Safco really transformed our space. I love the flexibility the partitions offer: they are easy to move and collapse down for storage when we need a more open space." *Brooke Nelson, Social Media Specialist*

"The partitions are a great option for adding privacy to such an open environment. The fact that they are lightweight and moveable is a huge plus, and the designs look great in our space." *Britanny Gerdin, Account Manager*

AerisWeather™ | Testimonials

AerisWeather is a company that provides customized solutions for weather-sensitive businesses.

› How are they being used?

"We use it to separate our work space from our meeting space." *Lee Huffman, VP of Development*

› What do you like about them?

"It doesn't have the drab "corporate America" feeling—it's really fun and livens up the office." *Ross Machurick, Director of Sales and Marketing*

"I just love how bright the graphic is. It breaks up the space really well, and it makes me happy when I look at it." *Seth Miller, Senior Software Engineer*

› What type of work gets done in them?

"Planning sessions, impromptu meetings." *Seth Miller, Senior Software Engineer*

› Any other positive benefits you have noticed?

"They give the perfect amount of privacy. We'll be looking in to getting a few more." *Lee Huffman, VP of Development*

"It helps us use space that we previously weren't using. We had all of this dead space, but now we have a cool meeting spot." *Seth Miller, Senior Software Engineer*
