SWIVEL KEG

TURN UP THE SWIVEL

Take your educational environment to the next level with the Learn by Safco® Swivel Keg. This cylindrical chair allows students to naturally twist and turn while learning, talking with friends or collaborating on a project. The keg can be used in a classroom as a flexible seating option for students to choose how they work best, or as the core solution in a common area. No matter the space, this keg will have you swiveling in style.
