

AlphaBetter® 2.0 Height – Adjustable Student Desk with Book Box and Pendulum Bar 29"-43"

Model # 1224

Encourage healthy movement and provide convenient storage with the AlphaBetter 2.0 height-adjustable student desk that features a high-pressure laminate top – available in Gray Nebula or dry erase laminate – and under-surface book box. This desk comfortably accommodates students of all sizes as they work or sketch ideas. A pendulum footrest allows students to redirect excess energy and continue to move, even as they sit – providing ergonomic support, increasing comfort, and promoting cardiovascular health. Great for boosting productivity and focus, this student desk has the added benefit of optional casters for better mobility throughout the classroom, and a convenient book cubby right beneath the desktop. All 29-43" desks accommodate students in 5th grade and up – along with adults – at seated and standing heights.
