

Audio/Video Microform Cabinet

Model # 4935

The Audio/Video Microform Cabinet is a media storage cabinet built of a heavy-gauge welded steel construction. The durable media shelf helps dissipate static electricity and may provide electromagnetic radiation protection. Featuring front-to-back steel rod dividers that adjust in ½" increments. The high quality media storage drawer is 6" tall and features wrap around corners and a sturdy inner frame. The drawer glides offer full drawer extension and quiet operation. With chrome handles and label holders, the media organization cabinet is furnished with key lock. The media cabinet stacks up to two high and offers an optional base to raise files 5" off the floor.
