PRIVATE OFFICE →

RETREAT →

FOCUS

# open plan

Foster Productivity

Help people focus, even in a bustling open plan, with furnishings designed for privacy and efficiency.

FOCUS

# open plan

Encourage Efficient Work

These partitions, task chairs, and spacious shared desks help people define their work area while staying socially distanced from others.

FOCUS

# private office

Offer Private Time

Create stylish private offices outfitted with sleek seating, hardworking yet attractive desks, and plenty of space for storage and display.

FOCUS

# private office

Create a Comfort Zone

From home to high rise, design private offices with comfortable yet attractive furnishings that fit your everyday needs.

FOCUS

# retreat

Make a Work Retreat

Help people power through tough projects in private spaces where small groups can gather, be messy, and arrange the furniture to suit their needs.

FOCUS

# retreat

Help People Recharge

When you need a brain break, these relaxing spaces help people hide out, decompress, and take a few moments for themselves.

# create

With the right tools and tech, the most adaptable furnishings, and plenty of circulation space, project rooms and maker spaces have the perfect design formula for sparking creativity. Explore light, stackable seating options, spacious desks and workbenches, and hardworking storage—all designed to help people maintain creative flow.

**MAKER SPACES →**

CREATE

# project rooms

Inspire Efficient Ideation

When co-development is key to a project, these spaces deliver with standing height worksurfaces, stools, and versatile whiteboards for sketching.

CREATE

# project rooms

Find the Creative Flow

Flexible seating, whiteboards for doodling, space for storing work tools, and ample room to move make these settings creativity incubators.

CREATE

# maker spaces

Workshop It

Made for hands-on work, these maker spaces offer durable, mobile furnishings that can withstand the rigors of labs and workshops.

CREATE

# maker spaces

Cultivate Creative Exploration

These hardworking maker spaces offer desks, seating, and storage designed to house technology and work tools in demanding industrial environments.

# meet

From quick huddles to formal conferences, meetings come in many forms. But in any type of collaborative space, you need versatile, easy-to-move furnishings that make it easy for people to with connect with each other and technology. These settings offer all of this and more, so you can come to quick consensus and keep the workflow moving.

IMPROMPTU SETTINGS →

HUDDLE SPACES →

CONFERENCE ROOMS →

MEET

# impromptu settings

Encourage Quick Convos

For quick check-ins away from the main workspace, these settings offer plenty of places to perch, whiteboards for sketching, seating that’s easy to rearrange, and secure lockers for storage.

MEET

# impromptu settings

Spark Speedy Connection

Whether you need to have a private conversation sans technology or require a monitor to share info, these spaces support one-on-ones, on the fly.

MEET

# huddle spaces

Make Meet Ups Meaningful

Help people be more creative and engaged with spaces that allow them to work together anywhere in the office.

MEET

# huddle spaces

Energize Spontaneous Collabs

Keep the creative juices flowing with settings that let people huddle up, share, and refine ideas together.

MEET

# conference rooms

Set a Successful Agenda

Get everyone on the same page in a spacious conference room where people can easily share information – whether in person or remotely.

MEET

# conference rooms

Make Headway, Efficiently

Give people the furniture and technology support they need for seamless meetings, so they can spend more time working and less time struggling to connect.

# gather

With more people seeking social time as part of their in-person work experience, offices that foster informal gatherings are becoming increasingly important. Be inspired by these comfy, casual settings that encourage people to build the relationships they struggle to maintain while working at home—and make your office the place to be.
