Definition

Special Pricing is an additional discount from standard net pricing granted for a specific customer to be used on an identified project in a defined period of time, generally 180 days. Unless previously approved by Safco®, it will be for one purchase order and shipping to one location in a single shipment.

Purpose

Special Pricing is extended to our Dealers at the sole discretion of Safco primarily for the purposes of improving our price position in competitive situations. It is understood that the basis for Special Pricing consideration is information that is gathered from our Dealers and Sales Representatives as well as our historical data. To this extent, it is critical that the information supplied by our Dealers and Sales Representatives is complete, accurate and timely.

Guidelines

Requests will be considered on competitive projects of \$25,000 list and above. Discretion will be employed for high quantities of lower list price items, or with a specific strategic objective in mind. Safco reserves the right to deny or award requests for Special Pricing at any time to any Dealer.

Procedure

Safco processes Special Pricing requests on a first in, first out basis. Incomplete data will prevent us from processing the request and it will be returned to the Dealer or Sales Representative for completion prior to processing. We strive to provide fast responses to requests, and generally do so within 24 hours. Please allow more time, if possible. To request the Special Pricing Request Form, you may email your request to bids@safcoproducts.com or contact your Sales Representative.

The Special Pricing Request Form may be submitted electronically by emailing to bids@safcoproducts.com, or faxed to us at the number on the form. Electronic submission is preferred whenever possible. In special circumstances such as when traveling, computer breakdown, etc., we will process requests via phone, provided all information is complete, in order to provide you the best service possible.

Exclusions

Special Pricing cannot be granted to Dealers solely for the purposes of improving margins in non-competitive circumstances, nor to place orders for stocked products. Once you have received the purchase order from your customer, Special Pricing requests for that project can no longer be processed. We reserve the right to request a copy of the purchase order from your customer for the purposes of confirming integrity of the process.

By requesting Special Pricing, Dealers and Sales Representatives confirm that they intend to, and will make reasonable efforts to sell the Safco products listed in the Special Pricing request to the named customer. If a Dealer or Sales Representative obtains Special Pricing for the purpose of competitively submitting an alternative competitive product to their customer, Special Pricing requests for that Dealer will be suspended indefinitely at Safco's sole discretion.

Order Submission

In order for Special Pricing to be applied to the appropriate order, the order must reference the Bid Number supplied by Safco at the time of order placement. Failure to include the bid number will prevent Safco order entry from placing your order with the appropriate Special Pricing discount applied; standard discounts will then be used. Credits cannot be issued after Safco order entry has entered your order.

Spirit of Cooperation

Safco appreciates the opportunity to partner with our Dealers and Sales Representatives in order to enjoy mutual business. It is our pledge to you to make every interaction as productive, fair, and enjoyable as possible. We sincerely appreciate your business and look forward to the many opportunities to work together in the future.

To determine the height of a unit with media not listed above, first determine the height of the media and add ³/₄". Then, round that figure up to the next number divisible by 1¹/₂" (because the uprights are slotted on 1¹/₂" centers), then multiply that number by the number of tiers desired. Then add 1¹/₂" for space that is allotted for the reference shelf. Lastly, add ³/₄" for the canopy.
