

FOCAL™ LOCUS™ SEAT

COLOR CHOICES

Seat cushion available in four color options to suit personal preference or office décor.

BLACK (BK) / CHILI PEPPER (RD) / CITRUS (CT) / BLACK SYNTHETIC NUBUCK (NB)

UNIQUE SEAT DESIGN

Non-slip, easy-to-clean, contoured seat cushion may help to reduce pressure points.

ERGONOMIC SUPPORT

Supports leaning posture, a position that encourages optimal hip-to-torso range which helps to put less pressure on your spine and connecting muscles compared to standing. This allows the user to gain the benefits of standing with the comfort of sitting for the best of both worlds.

SEAT TILT

Seat pan tilts up to five degrees to support better hip flexibility.

HEIGHT-ADJUSTABLE

Easy-adjust, piston-release handle raises and lowers the seat to allow user to adjust it for their maximum comfort; accommodates heights between 4'11" and 6'8".

PIVOTING CAPABILITIES

Pivoting seat leg encourages dynamic movement.

STANDING SUPPORT

Anti-Fatigue Mat (included) may help relieve stress on feet and lower body compared to using the floor, providing a more comfortable working experience.

MOBILE

Discreet wheels allow for easy portability across the workspace.
