OUR BEST IDEAS - TABLED

Intuitive and highly functional, Cohere™ Tables are easy to specify, easy to use and easy to configure. Multiple top shapes and leg styles can be combined in virtually infinite ways. All of these looks add up to a cohesive feel for your training space, making these tables an ideal solution for training rooms. Bring colleagues together with Cohere.

FEATURES

- Made from High-Pressure Laminate (HPL) for added strength and durability
- 250 lbs. weight capacity, the largest in its class
- Choose standard Black casters or optional White nylon casters
- Training tables allow for creative formations: V-shapes, U-shapes, semicircles and more
- Available in both fixed-leg and flip-top varieties
- Simple lines blend seamlessly with surroundings and other furnishings
- Locking casters and optional ganging hardware provide stability, but are easily disengaged when moved
- Surfaces are 1 1/8" thick with high pressure laminate and 3mm T-Mold or 3mm edge band
- Optional frosted acrylic modesty panels are available and attach to the underside of the surface
- Flipping mechanism comes standard in Silver finish
- Optional polished aluminum feet are available for an upcharge

Optional Modesty Panel

PR3072	Rectangle Pin-Height
PT2448	Transitional Pin-Height

• FLIP-N-GO® TABLES

SOMETIMES, IT'S O.K. TO BE FLIP

Easy to move, easy to store, easy to match. Flip-N-Go® tables are ready for anything, making them an excellent solution for your training room needs. They're attractive and practical, featuring effortless maneuverability. Roll them into place and lock the casters for easy mobility, reconfiguration and table stability. With all of these table options, you can create exactly the look and feel you want for your workspace or training room.

FEATURES

- Available in High-Pressure Laminate (HPL) for added strength and durability; LPL also available
- Dual-sided levers flip tabletops from horizontal to vertical quickly
- Training table shapes available: Rectangles, Crescents, Transitions, Trapezoids and Pie Connectors
- 5 1/4" between tables when nested for maximum storage potential
- Surfaces are 1 1/8" thick with T-Mold, Knife Edge or 3mm edge band
- Includes integrated modesty panel with built-in cable management
- Tables can be connected together with included ganging kit
- 150 lbs. maximum weight capacity, evenly distributed
- Four locking casters for easy mobility and reconfiguration
