

Height-Adjustable Laptop Stand

- Height-Adjustable Laptop Stand designed to provide an ergonomic and space-saving workstation solution
- Height adjustment allows user to easily transition between sitting and standing to help encourage a more active workday
- Easily adjustable in 1/4" increments in a 15" range to suit a variety of users
- Height-adjustment is quick and easy
- 27"W platform provides plenty of space for work materials
- Lightweight design makes it easy to set aside or remove from the work surface when not in use to provide more desk space
- Designed as a free-standing unit, no need for clamps or fasteners
- Sturdy steel and aluminum construction with a durable Black powder coat finish
- Laminated MDF platform provides a stable work surface
- Great for use in personal workspaces, home offices, small offices, classrooms, libraries or other areas to create a more active and ergonomic workstation
