- non-slip, easy-to-clean, contoured seat cushion which may help to reduce pressure points
- supports leaning posture – encourages a hip-to-torso range of 130 to 135 degrees which provides less pressure on your spine and connecting muscles when compared to standing
- pivoting seat leg inspires dynamic movement to keep users active throughout the day
- ellipse-shaped base with non-slip rim provides stability for active postures
- minimalist design encourages you to use muscles to support a better posture versus other traditional seating options
- built-in handle for easy portability
- easy-adjust piston-release handles raise and lower the seat
- accommodates user heights between 4'11" and 6'8"
- works with any standing desk/table and is rated up to 300 lbs.
- simple, two-step assembly
- designed by Martin Keen
