

Mobis® II Seat by Focal Upright™

SAFCOACTIVE™

- Tri-Flex Seat Cushion has built-in sitz bone contours and a waterfall edge for plush support and may help reduce pressure points
- pivoting seat leg inspires dynamic movement to keep users active throughout the workday
- supports leaning posture – encourages a hip-to-torso range of 130 to 135 degrees which provides less pressure on your spine and connecting muscles when compared to standing
- easy-adjust piston-release handles raise and lower the seat
- seat pan is positioned forward to help promote an open hip angle that may help engage the core muscles
- ellipse-shaped base with non-slip rim provides stability for active postures
- minimalist design encourages you to use muscles to support a better posture versus other traditional seating options
- works with any standing desk/table and is rated up to 300 lbs.
- simple two-step assembly
- designed by Martin Keen
