

Sterling Laminate Casegoods

Sterling Laminate Casegoods - The Office Powerhouse

Make a commanding leadership statement.

Bold and contemporary, the Sterling Series turns environments into hardworking, high-powered spaces. The complete line of quality components includes impressive desks, reception furniture, unique storage offerings, and conference furniture. All pieces reveal a rewarding merger between design and function.

With rich textures and luminous accents, the Sterling is a winning collection that reflects confidence and showcases a sense of prestige and refinement. It's the perfect solution for the most enterprising workplaces.

Sterling Laminate Casegoods

STERLING PRIVATE OFFICE

STERLING OCCASIONAL TABLES

RECEPTION DESK WITH GLASS COUNTER

Sterling Laminate Casegoods A bold perspective.

1. Create a contemporary office with a complete collection of components.

Every piece needed to fully furnish any space is included in the Sterling line. Choose single or double pedestal desks. Add credenzas, hutches, unique storage offerings, bookcases, and tables.

2. Reflect an exceptionally sophisticated aesthetic.

Sterling's sweeping curves and beveled edges uniquely frame textured work surfaces. Rich laminate finishes include our most popular Textured Driftwood, along with Textured Brown Sugar, and Textured Mocha. Chrome standoffs provide just the right amount of distinction, while opaque acrylic modesty panels and sliding hutch doors complement the style.

3. Bring Sterling's influence into conference rooms.

Conference tables are available in 8, 10, 12, 14, and 16-foot lengths, and even a 42"-square table, perfect for an executive office or small conference area. Achieve a complete environment with a variety of conference room accessories that both function and impress.

4. Establish an efficient and welcome reception.

The textured finish, chrome standoffs, and bold design of Sterling is further showcased in the line's reception furniture. Choose from two reception station sizes, and add the storage elements that best fit reception needs.

5. Bridge the gap with optional height-adjustable bridge.

The bridge provides a sit-stand solution and supports today's dynamic and active workspaces.

powerful

A variety of power outlet/data jack combinations can be field-installed into all desks and conference tabletops.

simple

Mayline® makes it easy to order complete suites by offering several typical furnishing arrangements to choose from.

rapid
