Plan Files and Vertical Hanging Files

Out-of-the-ordinary storage.

Keep oversized documents neat, orderly, and curl-free with Plan Files in Steel or Wood. Mayline® offers a variety of stackable units that are ideal for housing CAD drawings, blueprints, maps, artwork, and any number of other large documents.

Our sturdy Steel Plan Files feature rugged steel construction, plus a choice of flush or raised bases, and stackable convenience. Our Wood Plan Files combine the natural beauty and finish of wood with the strength and durability of hardwood construction.

For active documents, choose our Vertical Hanging Files, perfect for engineering and construction applications. Units are either mobile or mounted, and available in a range of maximum widths.

HAMILTON UNIT SYSTEM™

WOOD PLAN FILES

VERTICAL HANGING FILES

Plan Files and Vertical Hanging Files

Flat-out efficient.

1. C-Files®

Self-contained, steel C-Files have an integral cap and can be bolted together for stacking. Drawers have front metal plan depressor and rear hood. Three sizes are available in 5- and 10-drawer.

2. Hamilton Unit System™.

With rugged steel construction and designed for ease of stacking, these interlocking files have a patented tracing lifter. Four sizes are available in 5- and 10-drawer configurations, for up to 42" x 72" sheets.

3. Interlocking Files.

Steel Interlocking Files are ideal for storing tracings, prints, charts, maps, and semi-active reference drawings. There are three sizes available in 5- and 10-drawer configurations, and available with front plan depressors or coated fabric dust covers.

4. Museum Files.

Self-contained, steel Museum Files have an integral cap and can be bolted together for stacking. The paint finish is formulated to prevent outgassing, and a fully enclosed cabinet bottom prevents entry of dust or mold.

5. Wood Plan Files.

For added design appeal, our Wood Plan Files provide horizontal filing with finished oak drawer fronts, case sides, and antique brass drawer pulls, with also feature hardboard drawer bottoms.

6. Vertical Hanging Files.

Rolling stands are constructed of tubular steel and finished with an electrostatically applied high solid polyester paint. Easy-to-use clamps grip up to 100 sheets securely, while clamps and hangers are interchangeable with other manufacturers' systems. Clamps are available in 18", 24", 30", 36", or 42" widths.

generous

Plan Files provide the paper capacity of 1000 sheets of vellum per file, or 100 sheets per drawer in a 10-drawer file, and 200 sheets per drawer in a 5-drawer file.

eco-friendly

All Steel Plan Files carry the Intertek® mark verifying emissions standards certification. Many of Mayline's® high-density storage products are likewise certified for indoor air quality.

versatile

A wide variety of storage options provide secure environments for oversized documents, keeping them neat and orderly.

helpful

Mayline® offers free, design services. We recommend the best solutions for the needs and space, develop drawings for floor plans, and provide a list of all the materials needed to create an effective storage solution. Call 1-800-822-8037 or email spaceplanning@mayline.com.
