

## XR-Series Height Adjustable Tables

### XR — Smooth and Smart Operator High and mighty height adjustability.

The XR-Series is proof that height adjustability isn't just about promoting movement. It should also support diversity, and the XR-Series does so brilliantly. It offers three memory settings on the control switch, letting workers save their favorite positions.

And when changes in departments or employees are in order, the XR-Series transitions seamlessly to the next user. It provides a smart alternative to manually lowering or raising desks and other work surfaces to accommodate new users.

# XR-Series Height Adjustable Tables

TRIPLE COLUMN CORNER OPTION

DUAL RECTANGULAR SURFACE

SINGLE RECTANGULAR SURFACE

## XR-Series User preferences committed to memory.

### 1. Electric drive mechanism.

Easy adjustability accommodates each individual no matter his or her size. New workers can define their own optimal surface heights in a matter of seconds.

### 2. Three-position memory settings.

Users identify their working comfort levels and the XR-Series remembers them.

### 3. Generous range of motion.

26.5" of vertical adjustment, from 24" to 50.5".

### 4. Designed to meet challenging work environments.

Supports up to 250 lbs. (dual-column) or 350 lbs. (triple-column).

### 5. Variety of surface options for a variety of space needs.

Available in rectangular or corner single surface, rectangular dual surface, or add a data center mechanism on the corner single unit.

## ergonomic

The XR-Series supports workplace wellness by reducing the likelihood of prolonged sitting and the accompanying negative effects of a sedentary work style.

## savvy

No more raising or lowering panel-hung work surfaces when new workers or departments move into existing spaces. The XR-Series is an ideal solution for letting every person establish the surface height that fits without tools or calling in facility personnel.

## impressive

Available in more than 900 standard laminates from Nevamar®, Wilsonart®, Pionite®, and Formica® at no additional upcharge. Bases available in black or silver.
