

E-Series Height Adjustable Tables

E-Series - "E" is for Environmental Height adjustability meets eco-friendly for a truly uplifting solution.

Healthy movement and healthy air quality come together in one smart, sit-stand solution. With its simple vertical adjustment, the E-Series promotes a healthier workplace by letting employees move easily. And because all E-Series workstations are Intertek VOC+ Certified, employees can also breathe easy.

E-Series makes all the right moves for people and the planet.

E-Series Height Adjustable Tables

DATA CENTER KEYBOARD MECHANISM

DUAL SURFACE CORNER TABLE

RECTANGULAR WORK SURFACE

E-Series Movement that does a world of good.

1. Electric drive mechanism.

Easily and reliably adjusts, allowing workers to find their ideal comfort zones.

2. Ample range of motion.

16" of vertical adjustment, from 26" to 42" in 18 seconds.

3. Intertek VOC+ Certified.

Verified to meet or exceed BIFMA, and California air emission standards.

4. Durable and resilient.

Supports up to 150 lbs.

5. Versatile surface selections.

Available in single-surface and dual-surface corner and rectangular units with tilting keyboard mechanism. Thermally-fused low-pressure laminate with T-mold edge is standard. High-pressure laminate with T-mold edge available.

ergonomic

Encourage a healthy alternative to the dangers of prolonged sitting with the E-Series height-adjustable workstations. They serve as an open invitation to stand while working, helping users increase energy and burn extra calories throughout the day.

environmental

E-Series represents environmental responsibility, a commitment that's validated with credentials. Intertek's VOC+ Certification is proof that the E-Series has been independently tested and found to conform to existing environmental regulations.

colorful

E-Series bases are available in all Mayline® Corporate colors. Surfaces available in more than 900 standard laminates from Nevamar®, Wilsonart®, Pionite®, and Formica® at no additional upcharge.
