

## ML-Series Height Adjustable Tables

### ML-Series Puts Ergonomics in Reach *Freedom to Move.*

Height-adjustable tables are universally accepted as a way to promote a healthier workforce. But for many, the solutions are not altogether affordable...until now.

The ML-Series turns up performance expectations and puts quality height-adjustable tables within economical reach. Cost-effective and reliable, the ML-Series provides a posture-changing solution without putting budgets in compromising positions. All so workers everywhere can exercise their perogatives to sit and stand throughout the work day.

ML RECTANGULAR SURFACE

90 DEGREE 3-STAGE TABLE

ML 120 DEGREE SURFACE

## ML-Series United we stand.

### 1. Strong, silent type.

Sleek, stylish, and exceptionally quiet, the ML-Series is ideal for any environment. The soft start and low-decibel operation, lets workers discreetly choose their most comfortable sit-stand positions without disruption.

### 2. Smooth operator.

Smooth and reliable operation is assured thanks to dual leg motors designed and tested to meet the integrity challenge, along with an anti-collision safety feature.

### 3. Designed to rise.

Vertical adjustability options range from 24.5" to 50". Three base sizes: 2 stage base with 2 legs; or 3-stage base with 2 or 3 legs. Optional Casters available.

### 4. Power meets style.

The expandable frame accommodates a range of worksurface sizes and shapes (rectangular, 90-degree, and 120-degree) making it the perfect choice for any environment.

## freedom

Use ML-Series tables as freestanding solutions, or integrate them easily into workstation environments. Perfect complement to our resourceful and inspirational e5™ series - a modular line of easy to install, power, reconfigure, specify, and afford workspace solutions.

## versatile

Rev up productivity with the stability, reliability, and affordability of the ML-Series - one of the most sensible sit-to-stand solutions on the market today.
