TECHWORKS WORKSTATION

TECHWORKS OFFICE

TECHWORKS STORAGE CENTER

## TechWorks Upgraded furniture for upgraded technology.

### 1. A host of standard options to support busy technical environments.

Includes locking overhead storage, fixed and tilting shelves, task lighting, bin storage, power strips, heavy-duty cable management accessories, pegboards, fabric/tack panels and whiteboards.

### 2. Choose from several standard surface options.

Includes thermally fused laminate, high-pressure laminate, butcher block, and electrostatic discharge (ESD) laminate with grounding accessories. Stainless steel and Phenolic Resin surfaces are available upon request.

### 3. Bench strength to count on.

14-gauge steel legs support up to 1,000 lbs. per Bench. Each Organizer Frame supports up to 400 lbs. Up to 400# can be stored on shelves below worksurfaces, which is ideal for storage.

### 4. Add accessories for ease and enhanced safety.

Keyboards, monitor arms, and personal storage accessories make work easier. Optional baskets keep cables off the floor to maximize safety. ESD accessories like wrist straps and grounding bars help protect equipment.

### 5. New – TechWorks Storage Center.

New Build-a-Center solution for below surface storage. Various options available that can be integrated within a TechWorks benching run, as an endcap storage center, or stand-alone. Ask for more details.

## configurable

Benches can be installed at sitting or standing heights, from 26" to 38" high, as well on casters to create mobility. Storage options install and reconfigure above worksurfaces in 1" increments. Organizer Frames offer both horizontal and vertical integrated cable management. Air, gas, and vacuum disconnect fixtures can be positioned on service bars. Power strips can be added to any configuration.

## contemporary

TechWorks easily supports today's modern technical spaces. It features open frames to promote team interaction, and vertical storage that minimizes office footprints. Privacy can be created by utilizing fabric/tack panels or whiteboards between workstations. With Mayline's corporate color program and numerous laminate choices, TechWorks can fit into almost any environment.

## space planning

Simply provide your space and hardware requirements and we'll deliver a 3D CAD drawing with bill of materials. Contact [spaceplanning@mayline.com](mailto:spaceplanning@mayline.com).
