

► TEMPERATURE READING STATION

► 7565BL - Temperature Reading Station - Single-Sided List Price \$1190

- Protective mobile station helps promote safer temperature reading procedures
- Clear acrylic front panel establishes separation to help reduce exposure to airborne droplets produced by coughing, sneezing and talking
- Practical 14" vertical cutaway slot in the partition allows screener to capture temperatures of people across a range of heights while remaining protected
- Sturdy steel frame with a chip-resistant black powder coat finish helps ensure long-lasting durability in a variety of indoor environments
- Fixed shelf coordinates with the frame and provides plenty of space for any necessary binders, check-in lists or temperature-taking tools
- Streamlined, single panel design fits into smaller spaces, complements any décor and offers easy cleaning and maintenance
- Convenient on-board shelf matches the frame and provides ample space for binders, check-in lists or temperature-taking tools
- Four 3" casters – two locking – allow for quick and easy repositioning or relocation of the partition around your reception area, office, clinic or small business
- Assembly required - Thermometer not included
- Temperature Reading Station: 32"W x 26¼"D x 72"H
- Shelf: 12"D x 36"H
- Panel Cutaway Slot: 14" (Measured from Floor: 55¼" – 69¼"H)
