

► MOBILE FULL-LENGTH ACRYLIC WELLNESS GUARD

► 7567BL - Mobile Full-Length Acrylic Wellness Guard

- Transparent acrylic full-length screen creates a physical barrier between people while still allowing proper voice and visual interactions.
- Helps reduce exposure to droplets and moisture produced by sneezing, coughing and talking.
- Sturdy steel frame with a chip-resistant black powder coat finish helps ensure long-lasting durability in a variety of indoor environments.
- Four 3" casters – two locking – allow for quick and easy repositioning or relocation of the partition around retail and commercial settings.
- Sleek, economical design coordinates with any décor and offers easy cleaning and maintenance by simply wiping down.
- Assembly required.
- Assembled Dimensions: 38¼"W x 31¼"D x 68¼"H
