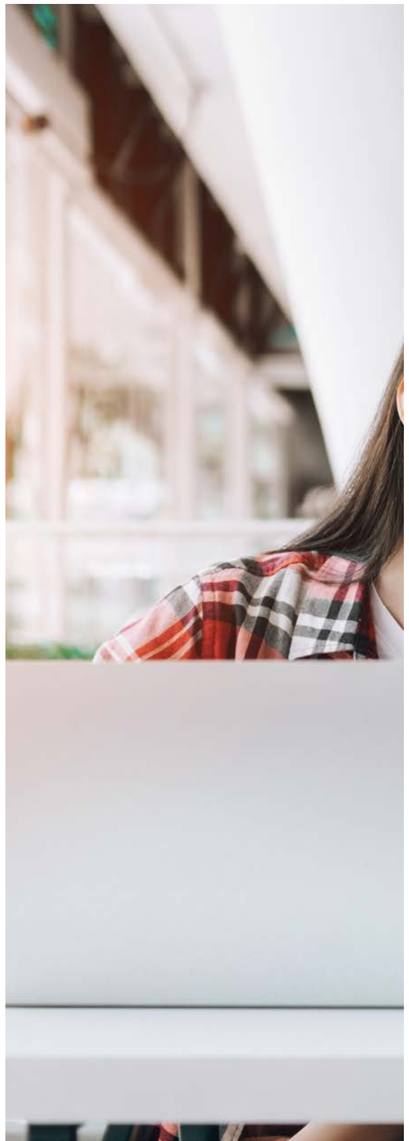
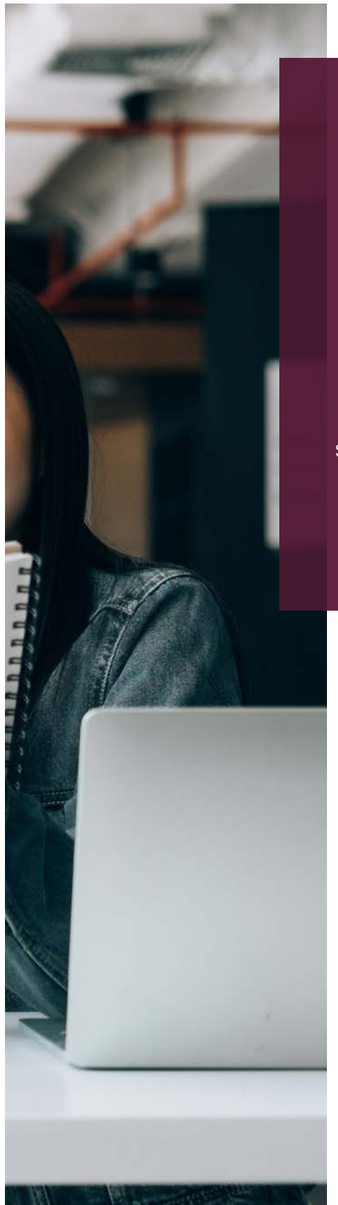
K-8 Learning Spaces

To help students build knowledge and develop a strong foundation in critical thinking and social skills, every K-8 setting needs to become an adaptable learning space that encourages learners to work together, get creative, and solve problems.





AGILE SPACES

63%

of teachers desire collaborative spaces and flexible furniture as top classroom improvements.

K-8 LEARNING SPACES

learn from home

Young learners benefit not only by seeing and hearing but by doing. Create spaces for hands-on learning at home with personal desks that can grow with your child, along with comfortable chairs and organization essentials that help them stay engaged and focused.

K-8 LEARNING SPACES

makerspace

Makerspaces are places of design and invention that encourage students to explore creativity, risk-taking, and critical thinking—skills deemed essential for post-graduation success. Our versatile TechWorks solutions support rugged hands-on activities, such as prototyping, and provide easy access storage for bulky tools and materials.

© 2021 Safco Products

K-8 LEARNING SPACES

lab

Lab spaces that foster hands-on applied learning and experimentation cultivate students' interests in STEM subjects and help develop their problem-solving skills. Our durable TechWorks collection and mobile seating solutions are ideal for supporting robust laboratory experiences critical to the learning process.

© 2021 Safco Products

K-8 LEARNING SPACES

media centers

Media Centers have evolved into rich, interactive learning spaces that foster individual and small group learning. Our mobile tables, seating, storage, and display products provide easily reconfigurable solutions that can be tailored on the fly to support students' needs.

© 2021 Safco Products

K-8 LEARNING SPACES

commons

Open, shared, multi-purpose areas offer ample opportunities to extend learning and engagement for students by encouraging them to interact, collaborate, and study. We offer comfortable, durable seating and tables that can accommodate many uses and withstand heavy traffic from active bodies.

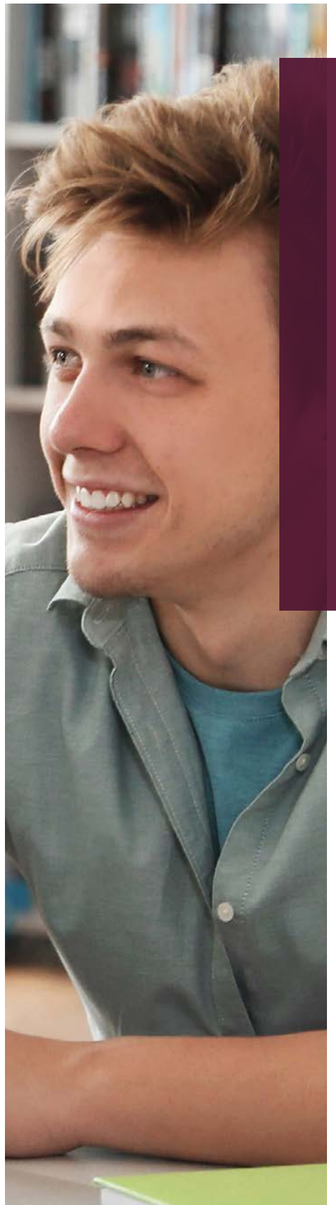
9-12 Campus

To further academic success and prepare students for the world beyond high school, 9-12 learning spaces need to be diverse environments that support socialization, collaboration, and self-directed learning.



FRESH APPROACHES

97%

of principals believe social and emotional learning improves students' academic achievement

home

Whether it's a temporary set-up for remote learning or a dedicated spot for homework, high school students need space for focused study. With a range of personal desks, seating, and storage, we ensure students have what they need to be academically successful at home.

© 2021 Safco Products

9-12 CAMPUS

classroom

Student-centered classrooms need to be flexible spaces designed for collaborative interaction to empower students to become more actively engaged in the learning process. With a wide variety of mobile tables, chairs, and whiteboards, we help you transform passive classrooms into stimulating learning spaces.

9-12 CAMPUS

makerspace

Makerspaces ignite curiosity and creative thinking in students by offering a wide range of tools and materials that encourage tinkering, building, and experimentation. Our collections provide highly durable and flexible solutions for worksurfaces and storage designed to empower learners.

© 2021 Safco Products

9-12 CAMPUS

lab

High school labs support investigation and experimentation to facilitate understanding and analysis of STEM subjects within a controlled and safe environment. Our highly stable and durable TechWorks collection is strong enough to support any lab equipment needed and provides reconfigurable storage for easy access and long-term flexibility.

9-12 CAMPUS

media centers

Supporting both individual study and group project work, high school media centers serve as true hubs for enhanced learning. We make media center spaces work harder and smarter with highly agile solutions like our mobile tables, seating, storage, and display products that can be adapted around changing needs.

9-12 CAMPUS

commons

Promoting community and fostering connection, shared Commons areas provide choice for students in how to further their learning, whether that's focusing on homework, working in groups, or socializing with peers. Supporting various postures from sitting to lounging to standing, Safco offers comfortable and durable seating and tables ideal for interaction or quiet study.

9-12 CAMPUS

social café

A concept that got its start in higher education, social cafés nurture students' bodies and minds by offering a casual area for students to gather, refuel, and engage together in informal learning activities. Café height tables and seating and comfy stools and lounges are just a few of the options we offer to create engaging social spaces.
