

RGE-Series Height Adjustable Tables

RGE — The Height of Empowerment Optimum vertical range to truly accommodate.

RGE Tables give individuals effortless control over their workspaces for greater on-the-job satisfaction and productivity. With just the touch of a button, surface heights smoothly adjust, enabling workers to determine their own optimal working positions—and change those positions whenever it suits them.

RGE-Series Height Adjustable Tables

ADJUSTABLE DESKING

3-STAGE LEG DESIGN

DESKING SUITES

RGE-Series Setting the bar high on sit-stand movement.

1. Electric drive mechanism for ease and reliability.

Moves up and down quietly, smoothly, and quickly, adjusting at 1.6" per second. Supports up to 250 lbs. and is ideal for hoteling applications.

2. Exceptional vertical range.

25.7" of vertical adjustment, from 22.6" to 48.3". Meets ANSI/BIFMA/HFES standards. The exceptional tables encourage users to get up and move with height adjustability that fights fatigue and enhances productivity.

3. Ideal work surface options.

High-pressure laminate work surface is standard with 3mm PVC (square corners); T-mold (radius corners) also available.

4. Optional keyboard holder.

Adjusts within a 15" vertical range and 30° tilt range.

5. Smart cable management.

Clips efficiently route cables under work surface. Table-to-floor expandable wire/cable manager also available.

ergonomic

ANSI/BIFMA standards recommend changing posture from sitting to standing throughout the day. RGE meets industry standards and delivers the ergonomic benefits today's workers expect.

accommodating

Workers span all sizes. RGE offers the greatest vertical range of all the height-adjustable tables in our line to accommodate the majority of individuals. It achieves the perfect height for each user and every task, and meets ADA standards.

responsive

Effortless motorized movement quickly responds to users' needs, letting them seamlessly adjust between sitting and standing without workflow interruption.

attractive

Complements any environment with more than 900 standard laminates from Nevamar®, Wilsonart®, Pionite®, and Formica® at no additional upcharge. RGE bases in silver or black.
