FEATURES

- Sitting stool with seat height adjustment
- Welded steel frame is powder coated for durability and features a wide-angle, tip-resistant base design for student safety
- 13 x 13" seat constructed from 5/8" thick MDF with Thermoplastic Laminate finish (chemical and impact resistant)
- Height adjustable in 1 1/4" increments (21 1/2 to 35") to accommodate students of all ages and sizes
- Metal swivel glide feet for easy movement across smooth and carpeted floors
- Gives students the option of swinging their legs for continuous movement, which may facilitate better breathing and lumbar support with slouch-free, open-angled posturing
- Stool can be used with the AlphaBetter® Desk Patented Swinging Pendulum™ Footrest Bar
- CPSIA Compliant
