

## ADAPT™ CONFIGURABLE SPACE DIVIDERS

### TAME THE WORKSPACE JUNGLE

CREATE PRIVACY IN THE MIDST OF THE CHAOTIC WORKDAY

It's 2017. You shouldn't still have to change the way you work to fit the place you work in. With the Adapt™ line of products, you don't have to. Easy to adjust panels allow you to change your workplace to best suit the way you want to work. Configurable designs allow you to create individual or collaborative work spaces within your existing space, without the cost or permanence of walls. And with highly customizable colors and designs, you have the choice to blend in or stand out in any environment. You have endless opportunity, so don't be afraid to go a little wild.

# ADAPT™ CONFIGURABLE SPACE DIVIDERS

## » FEATURES

### Configurable

- Create individual or collaborative work spaces without the cost or permanence of walls
- Available in a variety of shapes that can be used together to form different shapes and designs that fit your space
- Each panel comes with a clear connector clip to allow panels to be joined together for a seamless look
- Can be quickly set up and taken down
- Includes a bag for convenient storage when not in use

### Movable

- Flexible dividers provide a balance between private and collaborative work spaces
- Frame made from sturdy 1 ¼" aluminum tubing for a durable yet lightweight construction that makes them easy to move and reconfigure as needed
- Swivel feet available in some styles for added ease of mobility (see models 1965, 1985, 1986, 1987, 1988 and 1989; swivel feet only available in 54" and 72" heights)
- Great for use in open floor plan areas, schools, libraries, offices, hospitality settings or anywhere else a semi-private space is needed

### Customizable

- Fabric is completely customizable, allowing you to create a custom, branded look in any space
- Use graphics, brand colors, print patterns or match Pantone® colors to match any décor
- Fabric is also available in Quick Ship Gray or Charcoal
